

Sindelar Building Wall Mural

25' X 100' (2500 Sq Ft)

M 62 W Edwardsburg, MI

This Mural was designed and painted exclusively for John Sindelar's Fine Woodworking Shop and his World Famous Antique Tool Collection. John researched old books and catalogs from which the artist Jerry Schlundt developed the full color art.

With his gifted granddaughter Mariah Wall doing full scale pounce patterns from his 3/4" scaled drawings the layout was completed and painting began and continued for 8 weeks during the summer months of 2007. The materials used for this project was acrylic latex by Ronan Paint Co. of Chicago & Sherwin Williams Paint Co. The total cost of this project was \$16,000.

Before starting this project, Jerry had just completed 8 weeks of radiation fighting a battle with cancer, so far he is doing fine and has scheduled several more works to be completed next year. One at the Cass County Maintenance building in Cassopolis, MI and Joe's Surfari Water Park in Watervliet, Michigan.
